

# Driving and Metro Directions

OMR's Greenbelt, Maryland Focus Group Facility

## Driving Directions

### From Montgomery County, Rt. 95, Laurel or Baltimore

Take the Capital Beltway to Exit 22A, Baltimore/Washington Parkway headed towards Baltimore. Take the exit for Rt. 193 - Greenbelt Rd./College Park. The exit is the first one after you go under the stone overpass. As you exit, stay in the center lane. Turn left at the light onto Greenbelt Rd. At the first light, turn right onto Hanover Parkway (there is an Exxon station at the corner). See "From Hanover Parkway" for more directions.

### From Rt. 95/495, Rt. 50 or Southern Prince George's County

Take the Capital Beltway to Exit 22A, Baltimore/Washington Parkway headed towards Baltimore. As you exit, go right towards Rt. 193 East - NASA/Goddard. Turn right at the third light onto Hanover Parkway (there is an Exxon station at the corner). See "From Hanover Parkway" for more directions.

### From the Baltimore/Washington Parkway Southbound

Exit at Rt. 193 - Greenbelt/College Park (this is the exit after the NASA/Goddard Space Flight Center Employees Only exit, and just before the exit for Rt. 95/495). At the end of the ramp, turn left at the traffic light. At the next light, turn left onto Greenbelt Rd. Turn right at the third light onto Hanover Parkway (there is an Exxon station at the corner). See "From Hanover Parkway" for more directions.

### From Rt. 395 in Virginia

Go over the 14th St. Bridge. Follow signs for Rt. 395. Exit at sign for Rt. 395/US Senate. In the second tunnel, stay left (towards 95/Baltimore). The road will end and put you onto outbound New York Avenue. See "From New York Avenue/Rt. 50" for more directions.

### From New York Avenue/Rt. 50

Take New York Avenue, heading east, to the fork in the road for Baltimore or Annapolis. Keep to the left to get onto the Baltimore/Washington Parkway towards Baltimore. Continue on the Parkway approximately 7 miles to Rt. 193/Greenbelt exit. (This is just past the exit to Rt. 95/495. Keep to the right after that exit.) As you exit, stay in the center lane. Turn left at the light onto Greenbelt Rd. At the first light, turn right onto Hanover Parkway (there is an Exxon station at the corner). See "From Hanover Parkway" for more directions.

### From the Woodrow Wilson Bridge

Turn on to Rt. 295 North. Follow Rt. 295 which becomes the Baltimore Washington Parkway. See "From New York Avenue/RT. 50" above for remainder of directions.

### From Hanover Parkway

Go through the first light. On your left is a reservoir, and then a 3-story office condo complex named Hanover Office Park. Go past the first entrance into the Office Park. Turn left at the next street onto Greenbrook Drive. There will be townhomes on your right and office condos on your left. We are in the last building of office condos, facing the townhomes.

## Metro

### Orange Line

Exit at New Carrollton Station. Take Metrobus G12 in the direction of Greenbelt Station. The closest stop to the facility is at the intersection of Hanover Parkway and Greenbrook Drive. Upon exiting the bus, walk down Greenbrook Drive approximately 1/4 mile. There will be townhomes on your right and office condos on your left. We are in the last building of office condos, facing the townhomes.

### Green Line

Exit at Greenbelt Station. Take Metrobus G12 in the direction of New Carrollton Station. The closest stop to the facility is at the intersection of Hanover Parkway and Greenbrook Drive. Upon exiting the bus, cross over Hanover Parkway onto Greenbrook Drive. Walk down Greenbrook Drive approximately 1/4 mile. There will be townhomes on your right and office condos on your left. We are in the last building of office condos, facing the townhomes.

## Parking

OMR is located in the Hanover Office Park and plenty of parking spaces are available.

**Please note OMR focus group facilities are unstaffed when not in use so please call ahead to make early arrival arrangements.**
